Explanatory Notes:

Loan agreement: private borrower; secured on physical assets

Paragraph specific notes

Notes relating to the numbered paragraphs

1. Definitions

Note that the definition of "Loan" includes all money outstanding, which may of course

The definition of interest rates is important. It is not lawful to specify a "penalty" in any contract, no matter what you call it. A claimant is only ever entitled to his "

It follows that the lender cannot charge "penalty interest". In this document we have gone some way to enabling the lender to charge a higher rate by providing for a basic rate of interest, which is the sum "normally" due, and for a concessionary rate for good behaviour. In fact, we would expect

() 5 %

The result is of course that the lender gets an additional 5% if he has the problems associated with a defaulting borrower. This could be challenged by the borrower only if he could prove that the basic rate was a penalty rate. That would depend on all the circumstances, including the actual rates. In practice the fear of

2. Interpretation

Leave these items in place unless there is a good reason to edit or remove. Each of these items has been carefully considered in the context of this agreement and has been included for a purpose.

3. Borrower's warranties

The lender will want to be certain that assumptions it has made

The provision dealing with subsidiaries will prevent a subsidiary from finding a reason to upset the agreement, but will not necessarily make that subsidiary liable for the obligations of the borrower. If that

Note that there is an obligation by the Borrower to keep the Lender informed of “ ”.

The requirement to specify the purpose of the loan can be loose or tight. The lender is of course

A provision for scheduled repayments by date is usually simplest to administer. If you go for other trigger events, they should be carefully

5. Security

We have no idea what securities will be lodged as security. Shares in a private company are usually evidenced by a certificate. Shares in public companies are

To strengthen the Lender's position, we have provided for the possibility of securities being transferred into the name of the lender for the duration of the loan. This will not always be possible or practical. We have therefore also provided for the lender to be able

If the security or part of it, is quoted publicly and falls

6. Interest payable

The provision for cumulation of interest should have careful attention, particularly if the interest rate is high. Cumulation has the effect of adding the interest to the capital, so that the
